### **Tenova receives the Final Acceptance Certificate for the Arcelor Mittal 450 t/h walking beam furnace, Poland**

**Genoa, June 2008** - Tenova LOI Italimpianti Genoa has successfully received the FAC Certificate for the Arcelor Mittal 450 t/h walking beam furnace of the new MSPKK Hot Strip Mill located in Krakow, Poland in the very short period of only four months from the start up. The scope of Tenova contract, included in Siemens VAI package, was: engineering, supply and supervision services for erection & commissioning. Tenova LOI Italimpianti furnace is equipped with the latest Tenova technology in combustion system with the patented FlexyTech® Low-NOx burners which achieved significantly lower emissions than the values guaranteed. Thanks to great efforts of the project team involved in this prestigious project and to Tenova state-of-the art technological solutions, it was possible to successfully overcome the best customer's expectations.

Tenova LOI Italimpianti is a leading supplier of industrial furnaces and services for the metal industry. Tenova designs and supplies advanced technologies, products and services for the metal and mining industries. Tenova operates close to its customers through a network of 30 companies based in 16 different countries. For more information visit our website at [www.tenovagroup.com](http://www.tenovagroup.com).
