## **Tenova to build three walking beam furnaces and two complete roll shops for TKS Compass Project in U.S.A.**

**Milan, June 2008** - Another very prestigious order has been recently awarded to Tenova, in consortium with German SMS Demag, by TKS-ThyssenKrupp USA for the green field project in Alabama, U.S.A.

Tenova LOI Italimpianti order is relevant to the engineering, supply, training, and supervision to erection and commissioning of three new walking beam furnaces, 420 tph capacity each, for carbon steel and stainless steel production.

Tenova Pomini will supply two complete Roll Shops: one for the HSM and the other for the CRM.

Tenova order is part of the TKS Compass Project which will have an overall production of 5, 5 Mt per year.

The hot commissioning of the plant is scheduled for March 2010.

This order confirms the strong presence of Tenova in the International market, serving important and prestigious customers.

Tenova designs and supplies advanced technologies, products and services for the metal and mining industries. Tenova operates close to its customers through a network of 30 companies based in 16 different countries. For more information visit our website at [www.tenovagroup.com](http://www.tenovagroup.com).
